

2008 Chicken Project

Local 4-H Clubs were given between 26 and 32 newly hatched chicks to raise.

The chickens were mature at roughly 8 weeks of age. At this time, they were collected and donated to the Good Samaritan Mission.

A total of 75 processed chickens were donated which equaled 356 pounds of meat. This fed almost 900 people.

A small seed was planted as an idea that grew into a "Harvest for All."
