What is a Discussion Meet?

The Discussion Meet is a contest sponsored by the MFB State Young Farmer Committee.

The contest itself involves a moderator and contestants. The moderator's responsibility is to introduce the topic and the contestants, start the discussion, keep it on track and see that no one monopolizes the time. The contestants discuss a pre-selected topic.

The three fundamental basics of general discussion are constructive criticism, cooperation and communication. With this in mind, the participant's responsibility is to exchange ideas and information in an effort to solve a problem. The discussion should not be "conversation" or aimless talk nor should the participant take the role of a persuasive speaker. The participant should attempt to cooperatively shed further light on the problem and tentatively retain a flexible position. A successful participant is a productive thinker, rather than an emotional persuader, who is free to state beliefs and change positions whenever new information and ideas make that a reasonable thing to do.

Finally, this is not a panel symposium where each participant, in turn, makes a presentation, with the moderator ending the session with a summary. Rather, it is an exercise in cooperative problem solving, with the questions, answers and statements coming from any participant at any time.

The discussion should follow these steps:

1. State the problem or need.
2. Explore, define and understand the problem or need.
3. Identify causes of problem or need.
4. Elaborate all possible alternative solutions.
5. Evaluate and compare alternatives.
6. Test and project what appears to be the best solution.
7. Arrive at ways to implement the solution.
8. Teach the value of compromise.
9. Develop leaders.

Purpose of a Discussion Meet

The strength of Farm Bureau is largely in its ability to involve members in analyzing their agricultural problems and deciding on solutions which best fit their needs. Experience has proven the Discussion Meet will provide an opportunity for greater participation on the part of young, active farmers. It will help them develop a greater command of basic discussion skills. They will acquire a better understanding of how people can think in groups for the sake of better understanding solutions to problems.

As a leadership training and self-improvement device, the Discussion Meet experience will:

1. Stimulate logical thinking and a desire for accurate information.
2. Develop a concise and convenient manner of speaking.
3. Develop the ability to listen.
4. Help the participant overcome timidity or stage fright.
5. Assist the individual in learning to give and receive criticism in a gainful manner.
6. Teach the value of compromise.
7. Develop leaders for effective problem-solving through group discussion.

**Some district contests will have special prizes awarded to those who place in the discussion meet. A sample of these prizes is shown below. Winners will receive their district prize once they attend and compete at the state level competition.*

- MFB Young Farmer Yeti Tumbler
- MFB Young Farmer Jacket
- MFB Young Farmer Bluetooth Speaker
- MFB Young Farmer Lands' End Tote

Parts of a Discussion Meet

There are three parts to a discussion meet contest: the opening statement, body of discussion, and the closing statement.

- A. The opening statement is 30 seconds in length. The statement should be broad in scope, show relevancy, and importance of the topic.
- B. The body of the discussion will last 20 minutes in length (30 at the state finals). During the body of the discussion, you will want to first background the topic, discuss why it is an issue, come up with solutions to the issue, and be sure to bring Farm Bureau into the discussion.
- C. The closing statement is given at the end of the body of the discussion. Contestants will be given one minute of quiet time to put their closing statements together. Closing statements should summarize the discussion that took place during the body. The closing statement are one minute or less and should not be "canned".

Scoring

Contestants will be scored in six areas:

- 1. Opening statement (50 points)
- 2. Closing statement (100 points)
- 3. Delivery (100 points)
- 4. Problem solving and implementation (200 points)
- 5. Analysis of the topic or problem (150 points)
- 6. Cooperative attitude (100 points)

A sample score sheet is attached. Contestants should remember that this is a discussion...not a debate.

Official Rules

1. Contestants must be at least 18 years of age and not have reached their 36th birthday before January 31, 2018.
2. Contestants must be classified as regular Farm Bureau members. If contestant is under 21 years of age, contestants or parents must be regular Farm Bureau members.
3. Each county Farm Bureau may enter an unlimited number of contestants in the district contest.
4. Participation in a county contest is not required for participation in a district contest.
5. The three (or four, if a district has 10 or more contestants) top participants from each district contest will compete in the state contest.
6. All former contestants, with the exception of previous state winners, are eligible for the contest.
7. A contestant may not compete in the Young Farmer and Collegiate Discussion Meets in the same year.
8. Members of the State Young Farmer Committee, and State Board of Directors and their spouses are ineligible.
9. Individuals may compete in only one state level contest.
10. In the event that one of the three district finalists is unable to attend the state contest, alternates will be given the opportunity. Selection will be in the order ranked by the judges.
11. Contestants cannot compete if they have received an honorarium (set their own speaking fees).

Suggestions for Contestants

1. Make the decision to enter the Discussion Meet as far in advance of the actual meet as possible.
2. Learn as much as possible about the procedure of the Discussion Meet.
3. Acquaint yourself with the topics that will be used.
4. Study as much material as possible relating to the topics.
5. At the time of the contest, be a little early for an orientation or instruction meeting.
 - a. Become acquainted with the other contestants and moderator.
 - b. Ask questions to clarify any instructions that are not clear.
 - c. Listen carefully to the moderator as he outlines the procedures you will follow.
6. During the contest:
 - a. Listen carefully to the moderator as he familiarizes the audience with what is about to take place.
 - b. Listen carefully to the other contestants as they make their opening statements.
 - c. Keep within the time limit of your opening statement.
 - d. There may be a conflict of ideas, but not of personalities. **Remember, this is a discussion, not a debate.**
 - e. Be prepared to ask questions, state facts and opinions, and urge others to be specific.
 - f. Be aware of the audience, but not to the exclusion of other contestants.
 - g. Participate whenever it will contribute to furthering the discussion without monopolizing the time. Be enthusiastic and, in general, use logic rather than motion.
 - h. Make **notes of key points as the discussion proceeds;** you will use them

to develop your summary statement.

- i. Use your one minute of time to organize your summary statement.
- j. Stand and make your closing statement to the audience - use accepted speech techniques - stay within the time limit.

District Event Details

District	Regional Rep	Date	Time	Location
1	Sarah Pion	March 23	4:00 p.m. - Discussion Meet followed by Chili Cookoff & Corn Hole Tournament	Griner Farms 13120 Born Street Jones, MI 49061

11	Craig Knudson	March 21	6:30 p.m. Registration 7:00 p.m. Dinner & Discussion Meet	Bay College 2001 N Lincoln Rd, Escanaba, MI 48929

District-Level Topics:

1. The customer is always right. How do farmers and ranchers think and respond, through the lens of consumer priorities and marketing trends, to build common values and confidence in modern production methods to build consumer acceptance?
2. The 21st-century agricultural economy is threatened by labor shortages. Without a clear solution for accessing foreign guest workers as a component of immigration reform coming from Congress, what are some creative and legal ways for agriculture to address the labor needs of a modern production system?

State-Level Topics:

1. Products like cell-based food products have demonstrated the food system is rapidly changing. How can future food technologies and related products be beneficially integrated into modern agriculture production without hampering the success of traditional products and the farmers and ranchers who grow them?
2. With abundant productivity, farmers are in need of new markets, including outside traditional food and feed channels. How do we develop, invest and commercialize to innovate new uses of agricultural products and by-products to benefit all of agriculture?

TOPIC: _____

Superior = 100% of points available | Excellent = 80% | Good = 60% | Fair = 40% | Poor = 20%

	Participants to the left of the moderator					MODERATOR	Participants to the right of the moderator				
PARTICIPANT'S NAME:											
1. OPENING STATEMENT: (50 points) a. Definition of problem, importance, causes, effects, relevancy of problem.											
2. PROBLEM SOLVING AND IMPLEMENTATION: (200 points) a. Ability and judgment in seeking answers and solutions, planning and organizational understanding and inclusion of Farm Bureau in implementing action programs.											
3. ANALYSIS OR TOPIC OR PROBLEM: (150 points) a. Does contestant attempt to identify problem causes and remain on topic? Knowledge, extent and accuracy of facts.											
4. COOPERATIVE ATTITUDE: (100 points) a. Listening, asking pertinent questions, airing all points of view, securing major agreement, minimizing major differences. b. Courtesy to other participants, encourage discussion from other participants.											
5. DELIVERY: (100 points) a. Voice quality, loudness, clear enunciation, communication skills, desirable sentence structure and interesting choice of words.											
6. CLOSING STATEMENT: (100 points) a. Ability to summarize discussion and formulate direction for the future.											
<i>Total score for each contestant is to be tabulated by Judge. Any tie scores are to be broken by Judge.</i> 700 points possible TOTAL											
<i>Rank contestants: highest score = 1; second highest = 2, etc.</i> RANK
