

Multi-Year Guarantee Annuity

Farm Bureau Life Insurance of Michigan (FB)

Annuities are one of the only retirement vehicles that you can create an income stream that you cannot outlive. Interest earned in annuity is tax deferred until withdrawn, allowing your interest to compound. In addition, an Internal Revenue Service (IRS) form 1099-R isn't generated until you take a distribution. The FB MYGA offers a guaranteed, fixed minimum interest rate ensuring your contract will continue to accumulate interest. FB MYGA has no load fees, no annual fees and no annual administrative charges. Interest rates are fixed for the entirety of your guarantee period, are easy to understand, and make your retirement more financially secure and manageable.
